

HMWC RANKED AS “TOP 300” FIRM BY INSIDE PUBLIC ACCOUNTING

TUSTIN, CA, SEPTEMBER 24, 2018 – HMWC CPAs & Business Advisors (“HMWC”) in Tustin has once again been selected by “*INSIDE Public Accounting*” as one of the nation’s 2018 “Top 300” CPA Firms, 2018 IPA “Fastest-Growing Firms”, and 2018 “Fastest-Growing Over \$5 Million Firms”.

HMWC specializes in serving the financial and tax needs of privately-held businesses and their owners throughout Southern California. *INSIDE Public Accounting* is the leading public accounting publication of record. The “*IPA 300*” is the only ranking of its kind in the profession.

The IPA 300 “Fastest-Growing Firms” are firms that have grown at a rapid rate from all sources of revenue, whether through generating new clients, increasing revenues with existing clients, or through acquiring another CPA firm.

The *IPA 300* issue, published in August, ranks CPA firms by revenues, with \$10 million being the minimum to make the list this year. This definitive list was compiled by analyzing more than 550 responses to IPA’s Survey and Analysis of Firms. CPA firm associations also assisted in identifying the nation’s largest firms. The annual IPA rankings are among the longest-running, most accurate and up-to-date for the nation’s largest accounting firms. [INSIDE Public Accounting](#) was founded in 1987, and is published by

The Platt Consulting Group, located in Carmel, Indiana.

Says Steve Williams, Managing Partner at HMWC, “From 2015-2017 we were recognized as an IPA 300 firm and are pleased to once again make this list. Our selection to the two ‘Fastest Growing’ lists acknowledges our growth over the last year, which stems from our mission to provide our clients, regardless of size, with a level of service and quality that is unparalleled in the industry. This honor is due to the hard work and dedication of our entire HMWC team, including partners, staff and administrative personnel.”
