The IPA 300 “Fastest-Growing Organic Growth Firms” are those CPA firms that grew the fastest without mergers.

The IPA 300 “Fastest-Growing All Growth Firms” are firms that have grown at a rapid rate from all sources of revenue, whether through generating new clients, increasing revenues with existing clients, or through acquiring another CPA firm.

The *IPA 300* issue, published in August, ranks CPA firms by revenues, with \$10 million being the minimum to make the list this year. This definitive list was compiled by analyzing more than 500 responses to IPA’s Survey and Analysis of Firms. CPA firm associations also assisted in identifying the nation’s largest firms. The annual IPA rankings are among the longest-running, most accurate and up-to-date for the nation’s largest accounting firms. [INSIDE Public Accounting](#) was founded in 1987, and is published by The Platt Consulting Group, located in Carmel, Indiana.

Says Steve Williams, Managing Partner at HMWC, “In 2015-2016 we were recognized as an IPA 300 firm and are pleased to once again make this list. Our selection to the two “Fastest Growing” lists acknowledges our growth over the last year, which stems from our mission to provide our clients, regardless of size, with a level of service and quality that is unparalleled in the industry. This honor is due to the hard work and dedication of our entire HMWC team, including partners, staff and administrative personnel.”
